- blank:** Either the group is less than 30 or the category does not apply to this school.  
**yes :** The group made the reading (or math) target, and participation rate is 95%.  
**yes \*:** The percent standard or above is below the target but above the criterion percent when the hypothesis test (at a 99% level of confidence) is applied.  
**yes 2:** This year's participation was below 95%, but after merging the data across 2 years, was at or above, so met participation goal.  
**yes \*, 2:** The percent standard or above is below the target but above the criterion percent when a hypothesis test (at the 99% level of confidence) is applied. This year's participation was below 95%, but the average across 2 years was at or above, so met participation goal
