

3/16/20 6:00 p.m. District Update

COVID-19 (coronavirus) USD 248 District Update

Effective Monday, March 16th through Sunday, March 29th, all school facilities are closed for public use, unless there is a weather-related emergency. Hopefully, all school facilities will be open for business on Monday, March 30th.

Within the upcoming week, we will have a plan in place for addressing the extended school cancellation. Right now, we are waiting for guidance to see if online home delivery instruction is a reliable option. If not, we will look into options for making up school time when we return on March 30th.

Staff will be on call this week regarding expectations for reporting for work duty. Information will be sent via email or school messenger.

Important: Everything is fluid and subject to change daily after receiving updated information/guidance from the Kansas State Department of Education (KSDE), Crawford County Health Department, the Kansas Department of Health & Environment, or the Governor of the State of Kansas.

District Administrators are meeting regularly to consider any changing plans regarding the current information. We encourage you to view our social media sites for detailed updates as we move forward (Website, Facebook, Instagram) If you have additional questions, please call the USD 248 Board of Education office at 620-724-4325.
